Patient or Legal Representative

Capacity of * Legal Representative (if applicable):______________________________________________

* May be requested to provide verification of representative status.
Upon receipt of the subpoena, legal counsel must evaluate the document to determine whether it is valid on its face and whether it was properly served.

**Validity of the Subpoena**

A valid Oklahoma state court subpoena must contain the following:

- The name of the court in which the proceeding is being held.
- The names of the plaintiff(s) and defendant(s) in the action.
- The docket number of the case (not required in a state criminal proceeding).
- The date, time and place of the requested appearance.
- The specific documents sought by the subpoena.
- The name and telephone number of the attorney who caused the subpoena to be issued (not required in a state criminal proceeding).
- The signature or stamp and seal by the Clerk of the Court issuing the subpoena.
- In the case of a state grand jury or state criminal case involving a subpoena from a county other than Oklahoma County, the signature of the Judge.

A valid federal court subpoena must contain:

- The name of the court from which it is issued.
- The title of the action.
- Name of the court in which it is pending.
- The civil action number.
- Command each person to whom it is directed to attend and give testimony or to produce and permit inspection and copying of designated books, documents or tangible things in the possession, custody or control of that person, or to permit inspection of premises, at a time and place therein specified.
- Specify that fees and mileage need not be tendered to the deponent upon service of a subpoena issued on behalf of the U.S. or agency thereof or on behalf of certain indigent parties and criminal defendants who are unable to pay such costs.
Requirements for Content and Service of a Subpoena

Proper Service of the Subpoena

Oklahoma District Courts. Proper service of a subpoena issued by an Oklahoma district court is determined pursuant to 12 Okla. Stat. §2004.1, which provides that service can be made:

- By personal delivery of the subpoena by any person age 18 and older. The person serving the subpoena is required to make proof of such service to the court promptly, and in any event, before the witness is required to testify.
- By certified mail, return receipt requested, with delivery restricted to the person named in the subpoena. If service is by mail, the person serving the subpoena is required to show in his/her proof of service the date and place of the mailing and attach a copy of the return receipt showing that the mailing was accepted. Acceptance by any University employee with apparent authority would probably constitute valid service by mail.

Federal Courts. Proper service of a subpoena issued by the United States District Court for the Western District of Oklahoma is determined pursuant to Rule 5 of the Federal Rules of Civil Procedure, and requires:

- Personal delivery of the subpoena by a person of suitable age and discretion; or
- By regular mail.

Action Regarding Invalid Subpoenas for Documents. If the subpoena clearly is not valid on its face or was not properly served, legal counsel should notify the attorney issuing the subpoena in writing of the defect, and the fact that it will not be honored. This must be done prior to the earlier of (i) the response time set forth in the subpoena; or (ii) within 14 days of receipt of the subpoena.

Action Regarding Valid Subpoenas. If the subpoena is valid and was properly served, the following procedures should be followed:

- The University, through the applicable Health Care Component, should seek the patient’s written authorization form, to release the requested information. The University also should seek approval by the patient’s attorney, noted on the authorization form, for release of the subpoenaed information.
- If a patient authorization is obtained, but the attorney approval is not obtained, the University should notify the attorney that the information will be released at a certain date, unless a Motion to Quash the subpoena is filed by the attorney on or before such date.
- If patient authorization to the release of the information is not obtained, the University should request a certified copy of the pleadings in the action to determine whether the patient has waived the physician-patient privilege, requiring disclosure of the information by the University pursuant to the subpoena. Legal counsel to the University should be consulted in determining whether the privilege has been waived.
- If legal counsel concurs that the physician-patient privilege has been waived, the University must contact the party responsible for the issuance of the subpoena to obtain the following:

Satisfactory assurance that reasonable efforts have been made to contact the patient whose PHI is being requested.
BUSINESS ASSOCIATE (BA) DECISION CHART - correction 4/10/02

Name - Business/Vendor/Person: _________________________________________________

Does the business/vendor/person perform a function or service for or on behalf of our organization?
Do we benefit from their actions?
Example: An Ambulance firm may bring a patient here, but they are a provider caring for and acting on behalf of the patient.

Yes

Stop
Not a BA

No

Does the business/vendor/person act as a member of our workforce, performing their service/function under our direct control?

Yes

Stop
Not a BA

No

Does the business/vendor/person create, receive or retain PHI on our behalf?

Yes

Business/Vendor/Person is a BA

No

Does the business/vendor/person perform a function or activity involving the use/disclosure of PHI for or on behalf of the organization?

Yes

Business/Vendor/Person is a BA

No

Does the business/vendor/person perform any other function regulated by the HIPAA rules for or on behalf of the organization?

Yes

Business/Vendor/Person is a BA

No

Is the business/vendor/person exposed to PHI but does not need it to perform their work?

Yes

Business/Vendor/Person is a BA

No

Example:

- Agency Nursing Staff, students
- An off-site Data Storage Vendor
- 3rd party website whose patients enter data that is transmitted to the organization (could be to a healthcare provider or plan)
- Legal
- Actuarial
- Accounting
- Consulting
- Data Aggregation, See definition §164.501. (Ex - a state hospital association)
- Management
- Administrative
