HIPAA Update - Check List for HIPAA Authorizations

Attached is a 12 item checklist for HIPAA Authorization to Release/Request for an Individual's Health Information. Any Authorization form that you receive requesting health information must contain the 12 items. I have also attached the University's HIPAA compliant Authorization (http://www.ouhsc.edu/hipaa/forms-clinics.asp) to correspond with the numbers described on the checklist, and a copy of the HIPAA Privacy Policy #23 Authorization. If the Authorizations you receive do not contain the 12 items, then the Authorization is not compliant for release of protected health information. If it is not compliant, forward the requestor OU's HIPAA compliant Authorization and ask that they complete and return it so that we may consider their request.
CHECK LIST FOR HIPAA AUTHORIZATION
MEDICAL RECORDS REQUEST
(12 Item Check list)

1. A description of the protected health information to be used or disclosed that identifies it in a specific and meaningful fashion. The form may request the entire health record, all records between specific dates, or other specific items. It can be as simple as "... the complete medical record of ..." but it must be "stated". Note: A single Authorization form may not be used to authorize the release of Psychotherapy Notes and other medical records. A separate form is required for Psychotherapy Notes.

2. The name or other specific identification of the person(s), or class of persons, who can make the requested use or disclosure. For instance, the signed form should list either your department or someone in your department by name.

3. The name or other specific identification of the person(s), or class of persons, to whom you may make the requested disclosure. The specific entity(ies) to receive the information must be identified on the form. A cover sheet stating who should receive the information is NOT sufficient.

4. A description of each purpose of the requested use or disclosure. The statement "at the request of the individual" is a sufficient description of the purpose when a patient initiates the Authorization and does not, or elects not to, provide a statement of the purpose. The above statement or some other description must be included.

5. An expiration date or an expiration event that relates to the individual or the purpose stated of the use or disclosure. The statement "end of research study." "none," or similar language is sufficient if the Authorization is for a use or disclosure of protected health information for research including for the creation and maintenance of a research database or research repository. A statement or date must be included.

6. Signature of the patient and date. If the Authorization is signed by a personal representative of the individual, a description of such representative's authority to act for the individual must also be provided. 6.1 Relationship to patient

7. The individual's right to revoke the Authorization in writing, and any exceptions to that right, and a description of how the individual may revoke the Authorization.

8. The ability or inability to condition treatment or payment, for care, by stating either:
   A. The covered entity may not condition treatment or payment, on whether the individual signs the Authorization ..... or
   B. The consequences to the individual of a refusal to sign the Authorization.
   (Remember that there are very limited circumstances in which action can be conditioned on a patient's signing an Authorization.)

9. The potential for information disclosed pursuant to the Authorization to be subject to re-disclosure by the recipient and no longer be protected by federal law. This 'notice' must be included.

10. The information authorized for release may include protected health information related to mental health. Release of mental health records or psychotherapy notes may require consent of the treating provider or a court order.

11. Oklahoma law requires that the following language appear in the Authorization verbatim: "THE INFORMATION AUTHORIZED FOR RELEASE MAY INCLUDE RECORDS THAT MAY INDICATE THE PRESENCE OF A COMMUNICABLE DISEASE OR NONCOMMUNICABLE DISEASE."

12. The following language must also be included when Drug/Alcohol Abuse Treatment records are involved: Drug/Alcohol Abuse Treatment Records: The information authorized for release may include drug/alcohol abuse treatment records. This category of medical information/records is protected by Federal confidentiality rules (42 CFR Part 2). The Federal rules prohibit anyone receiving this information or record from making further release unless further release is expressly permitted by the written Authorization of the person to whom it pertains or is otherwise permitted by 42 CFR Part 2. A general Authorization for the release of medical or other information is not sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient. As a result, by signing below, I specifically authorize any such records included in my health information to be released.
Authorization to Release/Request for an Individual's Health Information/Treatment and Education Records

Last Name: ___________________________ First: ___________________________ Middle: ___________________________
Other Names Used: ___________________________ Date of Birth: ___________________________
Address: ___________________________ City: ___________________________ State: ___________________________
Home Phone: (_____) __________ Work Phone: (_____) __________
Check here if you are an enrolled OU student ______

I hereby request access to the protected health information in my health record or, if I am a student, my treatment/education record from (date) __________ to (date) __________ maintained or created by the provider named below to the recipient named below.

If applicable, the student's dates of enrollment are __________ to __________

☐ Most recent Progress Notes ☐ Pathology/Lab Reports ☐ Immunization Records
☐ X-ray Reports/Films ☐ Discharge Summaries ☐ Entire Health Record *(Excludes Psychotherapy Notes)
☐ Billing Records ☐ Other: __________ ☐ Psychotherapy Notes* (if checking this box, no other boxes may be checked. A separate Authorization to Release/Request for an Individual's Health Information must be completed to obtain additional records.)

☐ I will pick up copies of my records ☐ Provide my records in electronic form:
☐ Fax my records to: ___________________________ ☐ Mail copies of my records to the individual noted below

Records From: ___________________________ Records To: ___________________________
Name: ___________________________ Name: ___________________________
Address: ___________________________ Address: ___________________________
Phone: ___________________________ Phone: ___________________________
Fax: ___________________________ Fax: ___________________________

Purpose of Request: ☐ patient's request, ☐ dispute, ☐ referral, ☐ other: ___________________________

I understand:
• I may revoke this Authorization at any time by providing written revocation to the address at the top of this form. My revocation will not apply to information already retained, used, or disclosed in response to this Authorization. Unless sooner revoked, the automatic expiration date of this Authorization will be twelve (12) months from the date of signature.
• Unless the purpose of this Authorization is to determine payment of a claim or benefits, OU may not condition the provision of treatment or payment for my care on my signing this Authorization.
• For non-students, information used or disclosed under this Authorization may be subject to re-disclosure by the recipient and no longer protected by federal privacy regulations. Student treatment/education records may retain continuing privacy protections in accordance with 34 CFR Part 99.
• THE INFORMATION AUTHORIZED FOR RELEASE MAY INCLUDE RECORDS THAT MAY INDICATE THE PRESENCE OF A COMMUNICABLE DISEASE OR NONCOMMUNICABLE DISEASE.
• The information authorized for release may include protected health information and/or student treatment/education records related to mental health. Release of mental health records or psychotherapy notes may require consent of the treating provider or a court order.

The information authorized for release may include drug/alcohol abuse treatment records. This category of medical information/records is protected by Federal confidentiality rules (42 CFR Part 2). The Federal rules prohibit anyone receiving this information or record from making further release unless further release is expressly permitted by the written authorization of the person to whom it pertains or is otherwise permitted by 42 CFR Part 2. A general authorization for the release of medical or other information is not sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient. As a result, by signing below, I specifically authorize any such records included in my health information to be released.
• I understand that if my records are released, I will be charged $1.00 for the first page, $.50 for each subsequent page for paper records, and $5.00 per x-ray, image, or slide, plus postage, payable prior to the release of the requested records. Records produced in digital form are 12 cents per page, plus postage. (Make all checks payable to OU, Department named above.) These fees have been set by the Oklahoma legislature.

Signature of Patient, Parent, or Legal Authorized Representative** ___________________________ Relationship to Patient: ___________________________ Date: __________

** May be requested to show proof of representative status

I. PURPOSE

To establish Authorization requirements for Uses and Disclosures of Protected Health Information other than for Treatment, Payment, and Health Care Operations.

II. POLICY*

Health Care Components cannot Use or Disclose Protected Health Information for purposes other than Treatment, Payment, and Health Care Operations without a valid written Authorization from the patient, except as otherwise permitted by these Policies. When a Health Care Component obtains or receives a valid Authorization for Use or Disclosure of Protected Health Information, such Use or Disclosure must be consistent with the Authorization.

Information released pursuant to Authorization may include alcohol and/or drug abuse records protected under federal and/or state law. Re-disclosure of such alcohol and/or drug abuse records by the recipient is prohibited without specific Authorization.

An Authorization is required to disclose information to third parties for purposes other than Treatment, Payment, or Health Care Operations and for Use by or Disclosures to departments of the University that are not designated Health Care Components, except as otherwise permitted by the Privacy Regulations.

Psychotherapy Notes

University Personnel must obtain an Authorization for any Use or Disclosure of Psychotherapy Notes, except in limited circumstances. See, Privacy-24, Mental Health Records.

*Capitalized terms are defined in Privacy-01, Definitions
Marketing

Health Care Components must obtain an Authorization for any Use or Disclosure of Protected Health Information for marketing, except in certain circumstances. See, Privacy-28, Marketing.

Conditioning of Authorizations

Generally, Health Care Components may not condition the provision of Treatment to a patient on the receipt of an Authorization, except in the context of Research involving Treatment. See, Privacy-30, Research.

One exception to the prohibition on conditioning Treatment on the receipt of Authorization relates to health care services provided at the request of a third party. For example, Health Care Components can require an Authorization as a condition to providing a drug screening test or physical requested by an employer.

Revocation of Authorizations

Health Care Components must permit patients to revoke their Authorizations, except to the extent the Health Care Component has already taken action in reliance on the Authorization. To revoke an Authorization, a patient must provide written notice to the Health Care Component that received the original Authorization or the University Privacy Official.

III. PROCEDURES

1. Any individual desiring access to or a copy of his PHI must submit a valid Authorization to the Health Care Component or University Privacy Official. The Authorization must contain all of the elements required by the Privacy Regulations and State law (See Request for Individual’s Health Information/Authorization form on the HIPAA website.)

2. Prior to using or disclosing Protected Health Information pursuant to an Authorization, University Personnel must review the Authorization to determine if it is valid. Health Care Component’s may contact the Office of Legal Counsel or the Privacy Official for help in determining whether an Authorization is valid. An Authorization is not valid if it contains any of the following defects:

   a. the expiration date has passed or the expiration event is known to have occurred;
   b. the Authorization has not been filled out completely;
   c. University Personnel have knowledge that the Authorization has been revoked;
   d. University Personnel have knowledge that some material information in the Authorization is false;
   e. the Authorization was obtained by improperly conditioning Treatment upon its receipt;
   f. the Authorization is missing one of the elements required by the Privacy Regulations or State law; or
   g. if the Authorization is for Psychotherapy Notes and is combined with another type of Authorization or document.
3. If a Health Care Component seeks an Authorization from a patient for a Use or Disclosure of Protected Health Information, the Health Care Component must provide the patient with a copy of the signed Authorization.

4. Health Care Components must keep copies of Authorizations in the patient file for at least six (6) years.
